ABOUT ME

An information technology student who did bachelor's in field of computer science from one of the top university in pakistan. who's looking forward for a job in my related field.

EDUCATION

Basic School, SPS College Swat, Mingora

2015

Subjects which i studied in bsic shchool : English, Math, Science, Computer science, Islamyat and Urdu.

High school diploma, SPS College Swat, Mingora

2017

Subjects which i studied in high school : English, Math, Physics, Chemistry, Pakstudies.

Bachelor of Technology, FAST NUCES, Peshawar

2022

BS (Computer Science)

There are a lot of subjects which i studied but i will mention some of them like :
Programing course subjects: introduction to computing (Python) , object oriented programming (C++), Data structure (Python , C++), Object orientented analysis and design (Java), Software engineering (Java), Artifitial intalligence (Python) etc.

GRADES

BASIC SCHOOL, Mingora-Swat

871/1100 (79 %)
Grade-A

HIGH SCHOOL, Mingora-Swat

697/1100 (63 %)
Grade-B

Bachelor, FAST NUCES-Peshawar

CGPA: 2.39/4.00 (65.85 %)
Our university percentage calculation is different then other universities.

SEMESTER PROJETS

Flutter

Php, Mysql, MongoDB

Svelte

LANGUAGES

Pushto

Urdu

English

Arabic

COURSES

Machine Learning, FAST
NUCES
Jun 2022

Algorithm, FAST NUCES
Jun 2022

Operating system, FAST
NUCES
Jun 2022

Basic electronics, Digital
logic design, FAST NUCES
Jun 2022

Calculus (1,2), FAST
NUCES
Jun 2022 - Jun 2022

Probability, FAST NUCES
Jun 2022

HOBBIES

Cooking, Travelling,
Badminton, Volleyball,
Photography

PERSONAL DETAILS

•Bank management System -

Features: create, update, delete of account, credit and debit of cash

Language: C++

•Hospital Management System-

Features: doctor appointment, patient admit, pharmacy, book room for patient with category.

Language: Java + JavaFX + Swing + Mysql

•Calendar with age finder-

Features: normal calendar along with feature, to find the day on which a person was born

Language: C++

•Calendar with Clock-

Features: overall feature of normal use calendar with clock(stop watch)

Language: assembly language.

• Premier league information system -

Features: add team, maintain groups, time table for playing soccer between groups and some more functionalities.

Language: Using PHP, Mysql, HTML, CSS.

• odoo- attendance -module -

Features: attendance management system with handle all record related to student attendance

Language: python + api

• Adroid app devolepment -

Features: attendance management system with handle all record related to student attendance

Language: java + python + api

F Y P

Age and Gender Prediction, FAST NUCES-Peshawar

Aug 2021 - Jun 2022

•Summary: It was our final year project which predict age and gender of a person from an image. we design a web interface through **Flask** which take an image as input and predict its age and gender.

•Abstract: Markit basket analysis + Social media apps + Figure out interest of people in social places.

•Field: Machine learning and Digital Image processing.

•Language: python + flask.

•Technologies: Keras + TensorFlow + Resnet-50 + k-train.

•Datasets: keggel + UTKface.

FUTURE GOALS

• Vision is to be expert in the following fields:

1. Machine learning.
2. Artificial intelligence.
3. Data science.
4. Robotics.
5. Back end developer.

EXTRA-CURRICULAR ACTIVITIES

Sports and Athletic Participation

Jun 2022 - Present

Much interested in all kind of sports like: volleyball, badminton, soccer, table tennis, basket ball.

Date of birth

11-july-1998

Nationality

pakistan

Visa status

Approved

Marital status

single

DRIVING LICENSE

Driving license category

LTV: Light transport vehicle
valid for commercial car-taxi
, jeep , Mini bus and
lightweight transport.

Movies

Jun 2022 - Present

Like different categories of movies like: Classical + Advanced technologies, History, Animations, Real action and Funny but hate dramas and horror based movies because it make me scared.
