---

Arbic

---

## COURSES

### MACHINE LEARNING

FAST NUCES

Jun 2022

### ALGORITHMAM

FAST NUCES

Jun 2022

### OPERATING SYSTEM

FAST NUCES

Jun 2022

### BASIC ELECTRONICS, DIGITAL LOGIC DESIGN

FAST NUCES

Jun 2022

### CALCULUS (1,2)

FAST NUCES

Jun 2022 - Jun 2022

### PROBABILITY

FAST NUCES

Jun 2022

## HOBBIES

Cooking, Travelling, Badminton,  
Volleyball, Photography

---

### •Bank managment System -

Features: create, update, delete of account, credit and debit of cash

Language: C++

### •Hospital Management System-

Features: doctor appointment, patient admit, phrmacy, book room for patient with catagory.

Language: Java + JavaFX + Swing + Mysql

### •Calendar with age finder-

Features: normal calendar along with feature, to find the day on which a person was bornt

Language: C++

### •Calendar with Clock-

Features: overall feature of normal use calendar with clock(stop watch)

Language: assembly language.

### • Premier league information system -

Features: add team , mantain groups, time table for playing soccer between groups and some more funtionalities.

Language: Using PHP,Mysql, Html, Css.

### • odoo- attendance -module -

Features: attendance managment system with handle all record related to student attendance

Language: python + api

### • Adroid app devolepment -

Features: attendance managment system with handle all record related to student attendance

Language: java + python + api

## F Y P

### AGE AND GENDER PREDICTION | FAST NUCES-Peshawar

| Aug 2021 - Jun 2022

•Summary: It was our final year project which predict age and gender of a person from an image. we design a web interface through **Flask** which take an image is a input and predict its age and gender.

•Abstract: Markit baskit analysis + Social media apps + Figure out interest of people in social places.

•Field: Machine learning and Digital Image processing.

•Language: python + flask.

•Technologies: Keras + TensorFlow + Resnet-50+ k-train.

•Datasets: keggel + UTKface.

## FUTURE GOALS

• Vision is to be expert in the following fields:

## PERSONAL DETAILS

### Date of birth

11-july-1998

### Nationality

pakistan

### Visa status

Approved

### Marital status

single

---

## DRIVING LICENSE

### Driving license category

LTV: Light transport vehicle  
valid for commercial car-taxi ,  
jeep , Mini bus and lightweight  
transport.

1. Machine learning.
2. Artificial intelligence.
3. Data science.
4. Robotics.
5. Back end devoleper.

---

## EXTRA-CURRICULAR ACTIVITIES

### SPORTS AND ATHLETIC PARTICIPATION | *Jun 2022 - Present*

Much interested in all kind of sports like: volleyball, bedminton, soccer, table tennis, baskit ball.

### MOVIES | *Jun 2022 - Present*

Like different categories of movies like: Classical + Advanced technologies, History, Animations, Real action and Funny but hate dramas and horror based movies because it make me scared.
