#### **SKILLS**

Python C++ Java Assembly language

Android app development

Web development: Html, Css, Bootstrap, Javascript

Odoo

Flask

Flutter

Php, Mysql, Mongodb

Svelte

### LANGUAGES

Pushto

Urdu

English

Arbic

## COURSES

FAST NUCES / Jun 2022

Machine Learning

Algoritham FAST NUCES / Jun 2022

Operating system

FAST NUCES / Jun 2022

Basic electronics, Digital logic design FAST NUCES / Jun 2022

**FAST NUCES** / Jun 2022 - Jun 2022

Calculus (1,2)

**Probability** 

FAST NUCES / Jun 2022

## Cooking, Travelling, Badminton,

Volleyball, Photography

**HOBBIES** 

## **PERSONAL**

## **DETAILS**

Date of birth

**Nationality** pakistan

11-july-1998

Visa status

Approved

Marital status single

## **DRIVING LICENSE**

**Driving license category** LTV: Light transport vehicle valid

for commercial car-taxi, jeep, Mini bus and lightweight transport.

## **ABOUT ME**

An information technology student who did bachelor's in field of computer science from one of the top university in pakistan. who's looking forword for a job in my related field.

### **EDUCATION**

#### **Basic School**

#### SPS College Swat / Mingora / 2015

Subjects which i studied in bsic shchool: English, Math, Science, Computer science, Islamyat and Urdu.

#### High school diploma

SPS College Swat / Mingora / 2017

Subjects which i studied in high school: English, Math, Physics, Chemistry, Pakstudies.

#### **Bachelor of Technology** FAST NUCES / Peshawar / 2022

#### **BS (Computer Science)**

There are a lot of subjects which i studied but i will mention some of them like : Programing course subjects: introduction to computing (Python), object oriented programming (C++), Data structure (Python, C++), Object orientented analysis and design (Java), Software engineering (Java), Artifitial intalligence (Python) etc.

### GRADES

#### **BASIC SCHOOL**

Mingora-Swat

871/1100 (79 %) Grade-A

#### **HIGH SCHOOL**

Mingora-Swat

697/1100 (63 %) Grade-B

#### **Bachelor**

**FAST NUCES-Peshawar** 

CGPA: 2.39/4.oo (65.85 %)

Our university percentage calculation is different then other universities.

### SEMESTER PROJETCS

#### Bank managment System -

Features: create, update, delete of account, credit and debit of cash Language: C++

Hospital Management System-

Features: doctor appointment, patient admit, phrmacy, book room for patient with

<u>Language:</u> Java + JavaFX + Swing + Mysql

• Calendar with age finder-Features: normal calendar along with feature, to find the day on which a person was

bornt Language: C++

Calendar with Clock-Features: overall feature of normal use calendar with clock(stop watch) Language: assembly language.

Premier league information system -

Features: add team, mantain groups, time table for playing soccer between groups and some more funtionalities.

Language: Using PHP, Mysql, Html, Css. odoo- attendance -module -

Features: attendance managment system with handle all record related to student

attendance Language: python + api

 Adroid app devolepment -Features: attendance managment system with handle all record related to student

## Language: java + python + api

# **FYP**

Age and Gender Prediction

#### FAST NUCES-Peshawar / Aug 2021 - Jun 2022 • Summary: It was our final year project which predict age and gender of a person from an

- image. we design a web interface through Flask which take an image is a input and predict its age and gender. • Abstract: Markit baskit analysis + Social media apps + Figure out interest of people in
- social places. • Field: Machine learning and Digital Image processing.
- Language: python + flask. • <u>Technologies:</u> Keras + TensorFlow + Resnet-50+ k-train.
- Datasets: keggle + UTKface.

## **FUTURE GOALS**

- Vision is to be expert in the following fields: 1. Machine learning.
- 2. Artificial intelligance. 3. Data science.
- 4. Robotics. 5. Back end devoleper.

## **Sports and Athletic Participation**

**EXTRA-CURRICULAR ACTIVITIES** 

## Jun 2022 - Present

Much interested in all kind of sports like: volleyball, bedminton, soccer, table tennis, baskit

Movies

## Jun 2022 - Present

Like different categories of movies like: Classical + Advanced technologies, History, Animations, Real action and Funny but hate dramas and horror based movies because it
