+ SKILLS

- Python
- C++
- Java
- Assembly Language
- Android App Development
- Web Development: Html, Css, Bootstrap, Javascript
- Odoo
- Flask
- Flutter
- Php, Mysql, Mongodb
- Svelte

+ LANGUAGES

- Pushto
- Urdu
- English
- Arbic

+ COURSES

- **JUN 2022**
  MACHINE LEARNING, FAST NUCES

- **JUN 2022**
  ALGORITHAM, FAST NUCES

- **JUN 2022**
  OPERATING SYSTEM, FAST NUCES

- **JUN 2022**
  BASIC ELECTRONICS, DIGITAL LOGIC DESIGN, FAST NUCES

- **JUN 2022 - JUN 2022**
  CALCULUS (1,2), FAST NUCES

- **JUN 2022**
  PROBABILITY, FAST NUCES

+ HOBBIES

- Cooking, Travelling, Badminton, Volleyball, Photography

+ PERSONAL DETAILS

Date of birth
11-july-1998

Nationality
pakistan

Visa status
Approved

Marital status
single

+ DRIVING LICENSE

Driving license category
LTV: Light transport vehicle valid for commercial car-taxi , jeep , Mini bus and lightweight transport.

+ ABOUT ME

An information technology student who did bachelor's in field of computer science from one of the top university in pakistan. who's looking forword for a job in my related field.

+ EDUCATION

- **SPS College Swat Mingora** — 2015
  BASIC SCHOOL

  Subjects which i studied in bsic shchool : English, Math, Science, Computer science, Islamyat and Urdu.

- **SPS College Swat Mingora** — 2017
  HIGH SCHOOL DIPLOMA

  Subjects which i studied in high school : English, Math, Physics, Chemistry, Pakstudies.

- **FAST NUCES Peshawar** — 2022
  BACHELOR OF TECHNOLOGY

  BS (Computer Science)
  There are a lot of subjects which i studied but i will mention some of them like :
  Programing course subjects: introduction to computing (Python) , object oriented programming (C++), Data structure (Python , C++), Object orientented analysis and design (Java), Software engineering (Java), Artifitial intalligence (Python) etc.

+ GRADES

- **Mingora-Swat**
  BASIC SCHOOL

  871/1100 (79 %)
  Grade-A

- **Mingora-Swat**
  HIGH SCHOOL

  697/1100 (63 %)
  Grade-B

- **FAST NUCES-Peshawar**
  BACHELOR

  CGPA: 2.39/4.oo (65.85 %)
  Our university percentage calculation is different then other universities.

+ SEMESTER PROJETCS

- **Bank managment System -**
  Features: create, update, delete of account, credit and debit of cash
  Language: C++

  Hospital Management System-
  Features: doctor appointment, patient admit, phrmacy, book room for patient with catagory.
  Language: Java + JavaFX + Swing + Mysql

  Calendar with age finder-
  Features: normal calendar along with feature, to find the day on which a person was bornt
  Language: C++

  Calendar with Clock-
  Features: overall feature of normal use calendar with clock(stop watch)
  Language: assembly language.

  ● Premier league information system -
  Features: add team , mantain groups, time table for playing soccer between groups and some more funtionalities.
  Language: Using PHP,Mysql, Html, Css.
  ● odoo- attendance -module -
  Features: attendance managment system with handle all record related to student attendance
  Language: python + api

  ● Adroid app devolement -
  Features: attendance managment system with handle all record related to student attendance
  Language: java + python + api

+ FYP

- **FAST NUCES-Peshawar** — AUG 2021 - JUN 2022
  AGE AND GENDER PREDICTION

  ●Summary: It was our final year project which predict age and gender of a person from an image. we design a web interface through **Flask** which take an image is a input and predict its age and gender.
  ●Abstract: Markit baskit analysis + Social media apps + Figure out interest of people in social places.
  ●Field: Machine learning and Digital Image processing.
  ●Language: python + flask.
  ●Technologies: Keras + TensorFlow + Resnet-50+ k-train.
  ●Datasets: keggle + UTKface.

+ FUTURE GOALS

- **Vision is to be expert in the following fields:**

  1. Machine learning.

  2. Artificial intelligence.

  3. Data science.

  4. Robotics.

  5. Back end devoleper.

+ EXTRA-CURRICULAR ACTIVITIES

- **JUN 2022 - PRESENT**
  SPORTS AND ATHLETIC PARTICIPATION

  Much interested in all kind of sports like: volleyball, bedminton, soccer, table tennis, baskit ball.

- **JUN 2022 - PRESENT**
  MOVIES

  Like different categories of movies like: Classical + Advanced technologies, History, Animations, Real action and Funny but hate dramas and horror based movies because it make me scared.
