ABOUT ME

An information technology student who did bachelor's in field of computer science from one of the top university in pakistan. who's looking forword for a job in my related field.

EDUCATION

Basic School
SPS College Swat / Mingora / 2015

Subjects which i studied in bsic shchool : English, Math, Science, Computer science, Islamyat and Urdu.

High school diploma
SPS College Swat / Mingora / 2017

Subjects which i studied in high school : English, Math, Physics, Chemistry, Pakstudies.

Bachelor of Technology
FAST NUCES / Peshawar / 2022

BS (Computer Science)
There are a lot of subjects which i studied but i will mention some of them like :
Programing course subjects: introduction to computing (Python) , object oriented programming (C++), Data structure (Python , C++), Object orientented analysis and design (Java), Software engineering (Java), Artifitial intalligence (Python) etc.

GRADES

BASIC SCHOOL
Mingora-Swat

871/1100 (79 %)
Grade-A

HIGH SCHOOL
Mingora-Swat

697/1100 (63 %)
Grade-B

Bachelor
FAST NUCES-Peshawar

SKILLS

Python

C++
Java

Assembly language

Android app development

Web development: Html, Css, Bootstrap, Javascript

Odoo

Flask
Flutter

Php, Mysql, Mongodb

Svelte

LANGUAGES

Pushto

Urdu

English

Arbic

SEMESTER PROJETCS

•**Bank managment System -**
Features: create, update, delete of account, credit and debit of cash
Language: C++

•**Hospital Management System-**
Features: doctor appointment, patient admit, phrmacy, book room for patient with catagory.
Language: Java + JavaFX + Swing + Mysql

•**Calendar with age finder-**
Features: normal calendar along with feature, to find the day on which a person was bornt
Language: C++

●**Calendar with Clock-**
Features: overall feature of normal use calendar with clock(stop watch)
Language: assembly language.

● **Premier league information system -**
Features: add team , mantain groups, time table for playing soccer between groups and some more funtionalities.
Language: Using PHP,Mysql, Html, Css.
● **odoo- attendance -module -**
Features: attendance managment system with handle all record related to student attendance
Language: python + api

● **Adroid app devolepment -**
Features: attendance managment system with handle all record related to student attendance
Language: java + python + api

FYP

Age and Gender Prediction
FAST NUCES-Peshawar / Aug 2021 - Jun 2022

•**Summary:** It was our final year project which predict age and gender of a person from an image. we design a web interface through **Flask** which take an image is a input and predict its age and gender.
•**Abstract:** Markit baskit analysis + Social media apps + Figure out interest of people in social places.
•**Field:** Machine learning and Digital Image processing.
•**Language:** python + flask.
•**Technologies:** Keras + TensorFlow + Resnet-50+ k-train.
•**Datasets:** keggle + UTKface.

FUTURE GOALS

▪ **Vision is to be expert in the following fields:**

1. Machine learning.

2. Artificial intelligance.

3. Data science.

4. Robotics.

5. Back end devoleper.

COURSES

Machine Learning
FAST NUCES / Jun 2022

Algoritham
FAST NUCES / Jun 2022

Operating system
FAST NUCES / Jun 2022

Basic electronics, Digital logic design
FAST NUCES / Jun 2022

Calculus (1,2)
FAST NUCES
/ Jun 2022 - Jun 2022

Probability
FAST NUCES / Jun 2022

HOBBIES

Cooking, Travelling, Badminton, Volleyball, Photography

PERSONAL DETAILS

Date of birth
11-july-1998

Nationality
pakistan

Visa status
Approved

Marital status
single

EXTRA-CURRICULAR ACTIVITIES

Sports and Athletic Participation
Jun 2022 - Present

Much interested in all kind of sports like: volleyball, bedminton, soccer, table tennis, baskit ball.

Movies
Jun 2022 - Present

Like different categories of movies like: Classical + Advanced technologies, History, Animations, Real action and Funny but hate dramas and horror based movies because it make me scared.

DRIVING LICENSE

Driving license category

LTV: Light transport vehicle valid for commercial car-taxi , jeep , Mini bus and lightweight transport.
